Associate Partners

◆ Noemi Stadler-Kaulich

Bolivia

“Much food - little footprint”

Dynamic Agroforestry in Bolivia

**SMALL FOOTPRINT
MORE FOOD**

Mollesnejta – Center of Andean Agroforestry

HUMID

DRY

The background image shows a dry, hilly landscape. In the foreground, there is a sandy, rocky area with some sparse green vegetation. In the middle ground, there are several green trees and shrubs. In the background, there are large, brown, rocky hills under a clear blue sky.

**Thank you
for your attention**
